Objective

- Seeking opportunities to apply and expand my skills in Digital Design Graphic Technology while contributing positively to a dynamic work environment. I love seeing creative ideas be brought to life. And I hope to create some of my own.

Experience

I am a student at Napa Valley College enrolled in the Digital Design Graphic Technology (DDGT) program. I bring firsthand experience with Autodesk and Adobe software including Inventor, AutoCAD, Fusion 360, Revit, Photoshop, and Dreamweaver. Through my studies, I have acquired new skills such as 3D modeling, drafting, and animation.

Job Experience

Hotel Desk Receptionist – Hotel Indigo July 2023 - September 2023

- Customer Service: Demonstrated exceptional customer service skills by assisting guests with inquiries, requests, and concerns in a professional and friendly manner.
- Communication: Developed strong communication skills through interactions with guests, colleagues, and management, both in person, over the phone, and via email.
- Multitasking: Efficiently handled check-ins, check-outs, phone calls, and guest inquiries simultaneously in a fast-paced environment.
- Attention to Detail: Accurately processed reservations, handled payments, and ensured that guest preferences were met with meticulous attention to detail.

Professional Barista - The coffee Curb December 2022 - September 2023

- 1-on-1 customer service with a courteous and positive attitude
- Food and drink preparation/handling with fast pacing using various machines with efficiency
- Social and conversational skills experience, making customers feel welcomed and appreciated
- Ability to assist customers' needs, tend to concern, and provide helpful recommendations and solutions
- Being able to work in a fast-moving environment while implementing teamwork.

Team Lead - Six Flags Discovery Kingdom April 2021 - March 2022

- I worked with a management team that ran the department.
- As a lead, when customers had complaints or problems, I was the one to help them with their problems.
- Managed Time schedules like breaks and lunches.
- Warehouse experience
- Radio experience

I.T Assistant - Master Tech January 2019 - December 2020

- I worked in an office taking in and filing broken electronics.
- I helped fix broken technology while being supervised.
- I set appointments for the customers so that an IT can come and assist them with their technical problems.
